The Value of a

CLOUD APPLICATION PLATFORM

COMCAST

—
**FASTER
BY 75%**

Summary:

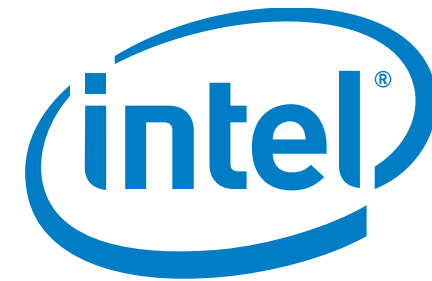

Comcast moved customer-critical services onto Cloud Foundry in 2015. They're now processing 180 million transactions on the platform daily

Outcomes:

- Scaling apps previously took months; now it happens in minutes
- 1,500+ developers on the platform
- Almost 11,800 apps in production

“ For the first time ever, we fully upgraded cloud infrastructure with zero impact. In production. During business hours. Peak business hours. ”

Comcast developer

—
**ACCELERATED
INNOVATION, LOWER
COSTS**

Summary:

- Intel IT developers are reducing time to market and lowering costs with Cloud Foundry.

Outcomes:

- Developers LOVE the platform
- 60% cost savings

“ Our goal at Intel was to let software developers get an innovative idea into production in less than a day. ”

Intro to
Cloud Foundry

MOOC

A woman with dark hair tied in a bun, wearing glasses and a white shirt with black polka dots. She is looking down and to the left with a thoughtful expression, her hand resting on her chin. The background is a blurred office setting with a desk and a chair.

CHAMPION ADOPTION

A photograph of three women in an office setting, standing by a large window and looking out at a city skyline. The woman on the left is wearing a dark blazer and holding a tablet. The woman in the middle is wearing a white blouse. The woman on the right is wearing a black dress with a white pattern. Two black office chairs are visible in the foreground. The text '4 - THINK BIG' is overlaid on the right side of the image.
